

EARN 5%

When you use Your **FREE** Community First Debit Card

This debit card from your favorite local financial cooperative ...

... now additionally gets you the same rewards as this card.

A free debit card that actually **PAYS YOU** to use **ALSO** gives you discounts/rewards from scores of locally owned retailers!

How CFCU's SaverEdge® card works:

We **PAY YOU** to use this **FREE** card.

- Every debit card purchase made with a SaverEdge® enabled debit card is rounded up to the next dollar. The difference is automatically transferred *from* the checking account linked to your debit card and *to* your savings account.
- Community First **matches 100% of your rounded-up monies** for the first 90 days; 5% there(ever)after!
- You pay yourself first (No. 1 step in saving money) and rounded dollars make it a snap to balance your checkbook. Plus, you get a guaranteed 5% return. What's not to like?
- Start saving today! Stop by your favorite branch of Community First.

For rules and restrictions please read the Program Agreement, [click here](#)

How it works as a GoLocal Rewards card:

- When making a purchase, the participating GoLocal Rewards merchant will swipe your Community First card as a Rewards Card, and again as a debit card for the purchase.
- No GoLocal registration is necessary. By using your existing Community First debit card at a participating GoLocal merchant you **automatically get discounts** and can track those cost-saving results at golocal.coop
- To learn more about how the GoLocal Rewards Card works, go to golocal.coop/get-card/
- To see which locally owned businesses participate (more are added each week) and **what immediate discounts/rebates they provide**, go to golocal.coop/rewards
- If you already have an active GoLocal Rewards Card you will need to merge it with your Community First debit card. Complete a simple online form to merge the two accounts here: golocal.coop/cfcu/rewards/
