

As a not-for-profit, Community First has fewer fees and lower fees than banks.

Fees accurately reflect their actual cost to the Membership. We recover costs, so no Member has to subsidize another Member. Whereas at banks, fees are set as high as the market will bear.

Please note that with our innovative **Do Gooder Club**, you can eliminate many fees altogether! Those nixed fees are indicated in **bold italics** at right.

Even without **Do Gooder**, some fees can be easily made free — for any Member. Those items are indicated by this secret code: **FREE**.

What do you get from a not-for-profit financial cooperative, owned by its Members?

Fewer fees.

Above are all of 'em. On one letter-size sheet!

By contrast, Wells Fargo has 52 pages of fees!

How do we set fees? By analyzing what a particular service costs the Membership. It's that simple. And that fair.
